

Seems like today is going to be day of great communcations. For the sake of brevity: (*we have to leave Bozen for Innsbruck now - DJ Hidden & Limewax and a lot of beer cans are waiting*) We're very happy to announce that we just signed to new exciting artists for Culture Assault Records.

After signing **Fused Forces**, **Sinister Souls** and **Replicator**, we're pleased to announce [Kath arsys](#) (France) and [Statix](#) (UK) are joining the **CULT**. More info and cuts soon(er or later).
