

After a long wait we're back with another podcast! This time it's been mixed by the Austrian mastermind B!nfusion, gathering some of the filthiest tunes from the harder corner of today's dark dnb scene including exclusive Culture Assault Records forthcoming. Beware!

CULTURE ASSAULT RECORDS proudly presents their first Label DJ B!nfusion, coming straight from the mountains from a city called Innsbruck (Austria). The 25 year old DarkDnB-Freaks is now a DJ for more then 6 years and since 2004 he and his Crew are organising huge DarkDnb Parties under the name of BASSINTOXICATION in their city. He grew up with Metal stuff like Slayer and Pantera, then all of a sudden he heard an audio-cassette by Aphex Twin and that's where Electronic Music forced its way into his head. He started listening to Aphex Twin, Squarepusher, Autechre ... and finally DnB and soon he decided to try DJing.

This CULTCAST shows his favourite kind of nowadays DarkStep and TechStep DnB including some brand new sick dubplates of CULTURE ASSAULT RECORDS!

He's now representing the BASSINTOXICATION - Crew and of course CULTURE ASSAULT RECORDS by playing, feeling, living and fucking freaking the hardest and darkest DnB-Sickness!! Enjoy this 86 minutes of totally energy and do not wonder if any parts of your body start to freak out in strange ways (you don't have to be afraid of being epileptic!).
